## ABOUT ASAP SECURITY

Founded in 2018, ASAP Security is a Southern California-based security services provider, GSA-certified since 2021, and committed to delivering unmatched service and compliance in every contract. We specialize in training new officers through our in-house and online academy, preparing them for both armed and unarmed assignments. Our professional team—comprising former military and peace officers—offers reliable support for access control, mobile patrols, event security, and site protection. With a proven track record in managing contracts that require security clearance and coordination with government agencies, we are fully equipped to meet federal standards. Backed by a 24-hour human dispatch center, ASAP Security is always ready to respond swiftly and effectively. Our mission: to earn and maintain federal and commercial contracts through exceptional service, adherence and compliance.
